

PLAN FOR CHAUTAUQUA

Three Weeks Program Proposed For Hollister.

William H. Johnson, who returned from St. Louis yesterday, is more than pleased with his conference with R. H. Ford, chief engineer for the maintenance of way of the Iron Mountain, and other officials of the road concerning the improvements to be made at Hollister by the road's chief's landscape engineer will confer with those owning property near the depot that the entire vicinity may be beautiful.

Another matter regarding the upbuilding of Hollister is the proposed three-week's chautauqua to be held there annually. J. G. Cubage, manager of Ellen Beach Yaw, and interested in the Southern Chautauqua circuit, and Rev. J. T. Bacon, manager of the Springfield Chautauqua this year, will meet with Mr. Johnson within a few days to discuss plans for the entertainment.

Us Germans.

Some federal officers in the Civil War once sought shelter for the night in an old, tumbledown shack. About two o'clock a polecat announced its presence in its own peculiar way. A German sat up and looked helplessly about him. The others were all sleeping peacefully.

"Mein Gott!" he exclaimed in tones of despair, "All the rest asleep, and I've got to smell it all!"—Everybody's Magazine.

Bowel Complaint in Children

When six months old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va. had an attack of cholera infantum. Chamberlain's Colic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by all druggists.

Shot to Death

While attempting to compel his wife to return to their home at 323 West Chase street, John Herman Zimmermann was shot and instantly killed shortly before 8 o'clock last night at the home of his mother-in-law, Mrs. Louise Kisterson, 533 East Chase street, by Louis E. Hale, a fellow laborer employed at the Frisco shops. Zimmermann is said to have been jealous on account of Hale's alleged attentions to the dead man's wife.—Springfield Leader.

Unless there are local reasons for the selection of a different date every school in the county should open on the same day. Monday, September 6th, has been named as a suitable date. State Superintendent of Public Schools Howard A. Gass has designated Saturday, September 4th, as "Clean-up Day" for all schools. Boards, patrons, teachers and children are strongly urged to meet at the school house at 9 o'clock a. m. and join in general house and yard cleaning; scour the floors, windows and wood work; put out building, grounds and fences in order and, above all, provide pure, wholesome drinking water. It is a good time for teacher, patrons and pupils to get acquainted.

The law does not authorize the endorsement of a teacher's certificate from another county or state. The Legislature repealed such authority in 1901, and enacted a section prescribing a penalty for issuing certificates except on examination. This is not an opinion of anyone, but the law. The State Superintendent of Public Schools has no authority to grant permission to endorse certificates or to prohibit it. The whole matter is governed by statute.

There are now 300 men working at the new Frisco shops at Springfield. It is thought that the force will be increased to 800 by the first of next month.

Leases Closed

Leases have been secured on about 3000 acres of land northeast, east and southeast of Cassville for the William R. Golden Oil Company of Bartlesville, Okla. After a two week's stay here L. L. Coyle of Joplin, the agent for the Golden Company, has succeeded in getting the amount of land wanted for the oil and gas prospecting purposes. Mr. Coyle is this week closing up leases in the Jenkins vicinity where prospecting will also be done.

Mr. Coyle says his company is convinced that oil bearing strata passes through this locality and that the Jenkins vicinity is on a cross inclinal strata and they mean to put machinery at work soon to test it.

From surface indications and from showings made from borings of very shallow depths a number of citizens in this county have believed for some time that oil could be found here by going down sufficient depth. So far as we are able to judge everything now is favorable for a test to be made in the near future.—Cassville Republican.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts.

Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deathly disease. "It had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, is the best medicine on earth. 50c and \$1.00. Guaranteed by A H Cox & Co. Trial bottle free.

Business Opportunity.

TO THE PEOPLE OF MONETT.

Do you want to go into business? Do you want to invest your money right at home, where it will take only a few minutes of your time each year, in a business that has not made less than 20 per cent net per annum for the last five years and as high as 36 per cent, and rapidly growing into an immense business. Did nearly \$57,000 worth of business during the panic year of 1908 on a capital of \$14,700. Probably do \$100,000 this year. This is the record of the Barnsley Bros. Cutlery Co. of Monett, Mo.

It has been decided to place for thirty days (if not taken sooner) a limited amount of this stock at the disposal of those wishing an absolutely safe and profitable investment at the original of first price, as the business is growing so rapidly more money can be used very profitably both to the Company and the investor. Will be glad to go into details with anyone interested.

A failing tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit anyway, don't drug the organ. Treating the cause of sickness is the only sane and sensible way. Sold by all dealers.
